I do not believe so. That would be an NCRCC question if their plan has divided the "red" zone into Zones. The larger theatre of operation has 4 zones (West, Central North, Central South and East) as was in place when you were IC.

We will get the 3x3 done for now.

Rob

3x3 feet to out on the wall and handouts would be great.

Is the red zone map divided in zones? If so can we have a map printed for each zone.

We already have the CET maps up.

Isabelle

Hi Isabelle,
I understand that you require a map. I will have Sharon print this off for you and we will get logistics to get them to Ben Franklin. DO you have a specific size and do you want hand outs as well.

This is ever changing by the hour.

Rob
